- Assembly duration is 15 minutes / 20 minutes for celebration assembly.
- The themes above represent a guideline for assemblies. It is not expected that colleagues adhere strictly to these themes, but may instead choose their own assembly focus from the 'Wider Theme' column, or choose a topical subject to focus on.
- Each assembly should end with an opportunity for our 'Thought for the Day' which is linked to the assembly or wider weekly theme.
- Help with any assembly issues and assistance with ideas and resources from SLT
